Thank you for your interest in **The Magic of Jason Purdy**.  
Here is the information you requested!

I have been producing entertaining magic and Illusion shows since 1989. I offer a self-contained show! My shows can involve assistant(s), Grand Illusions, lighting and special effects. The shows are appropriate for all ages, and include many audience participation effects. I have an excellent reputation for quality, reliability, and service. Even my smaller performances rival most other “magicians” acts. I guarantee to make your event magical, memorable and fun.

**“The Magic of Jason Purdy”** will supply:

All necessary magic supplies/effects/sound system, curtains and necessary stage assistant(s)

Strolling (close-up) Mingle Magic \$350.00 for the first hour and \$175.00 for each additional hour.

**One (1) “Silver” Magic show**

@ 30-60 minutes \$650.00-\$800.00

Don’t let name scare you this is not your Basic magic presentation! This is a compact show however and is limited with respect to some of the larger scale Illusions. This is an engaging program full of audience participation, magic, comedy and mindreading.

**One (1) “Gold Package”**

@ 30-60 minutes \$1000.00-\$1500.00

Go for the Gold! This is our most popular program. A spectacular comedy/magic show, featuring larger more technically advanced effects. Also, featuring select segments from Jason’s internationally known Dove manipulation act “*The Magic of Fire, Flight and Fantasy*”. These shows are custom-tailored to your event needs, time restraints and budget.

**One (1) “Platinum Package”**

60 minutes + \$1800.00- \$2200.00

This is not your “typical” magic presentation! The Gold package with a little extra! Plenty of audience participation, comedy magic and Grand Illusion! We may be able to work your important guests into the presentation. The ending of this show has really left its mark on many audiences. You won’t be disappointed!

**One (1) “Platinum Package PLUS”**

60 minutes + \$2500.00+.

After seeing this GRAND Illusion show, you will understand what the “buzz” is all about. These shows can feature all the bells and whistles. Lighting, Special Effects, Assistant(s) the full Dove act “*The Magic of Fire, Flight and Fantasy*”, and may feature other select Illusions “*Crystal Vision*”, “*C Thru U*”, “*Metamorphosis*” (the fastest Illusion in the World!) and more!

Pricing includes our travel and expense costs. Please note these quotes are limited to, this venue, for this year only. To hold/book a date a non-refundable 25% deposit is required.

If you would like to add strolling (close-up) magic before of after the any of the “show packages” please add an additional \$200.00 for the first hour and \$75.00 for each additional hour.

Well those are my packages in a nut shell how do they sound to you?

OUR NEEDS: We would require a 25% deposit to hold your date. We would also need access to the performance area a minimum of 45 minutes to 1 hour+ (depending on the type of show) prior to the show. We usually need about the same after the event for strike and load out.

I do try to keep the technical side of things as simple as possible. My shows are flexible and are designed to be able to play many types of venues. Again, we offer a virtually self-contained show. This can include professional sound system, microphone, assistant(s), lighting and special effects. We have a \$2500.00 computer system that runs sound and special effects lighting.

**However** when house lighting and sound are available it is considered as an option (Providing it has sufficient power and inputs etc.) So my equipment will supplement any existing equipment and whatever sound and lighting capabilities you have.

**Stage Setting:** A clean, clear performance area is appreciated. While a stage is preferred, we can work on the floor. Please try to have approx. a 16'W X 8'D (minimum) performing area available, (Prior to Artists arrival.)

As a general rule I do limit my outdoor performances. There are so many factors that have helped make this decision. The most obvious factor is the weather. I have many thousands of dollars invested in illusions, props and sound equipment. Many of these things are not designed for rain, wind, sun etc. Outdoor shows are limited do to set up time, sightlines, electricity, stages, curtains... This list is long. However, as we have discussed, a sturdy platform/staging and tent (with walls) does assist in presenting *the best show possible*.

We realize certain technical compromises will, at times, have to be made, and we will be as flexible as reasonably possible. We do appreciate your efforts, and want to thank you for helping us present the best show possible.

Thank you in advance for your cooperation.

Please let us know of your questions, thoughts and ideas. Once you decide if this is something that fits into your budget and is something you would like to do, please contact me right away! This way, I can put a permanent hold on your requested date. We will follow up with a ***Performance Agreement***.

Thank you again for selecting **The Magic of Jason Purdy** to quote.

Sincerely,

Jason J. Purdy
